### SCHOLARSHIP OPPORTUNITY FOR NYS EMS PROVIDERS

NYSVARA is pleased to announce a Scholarship Opportunity in cooperation with D'Youville University. The university is located in Buffalo, NY and offers a range of allied health programs as well as other majors.

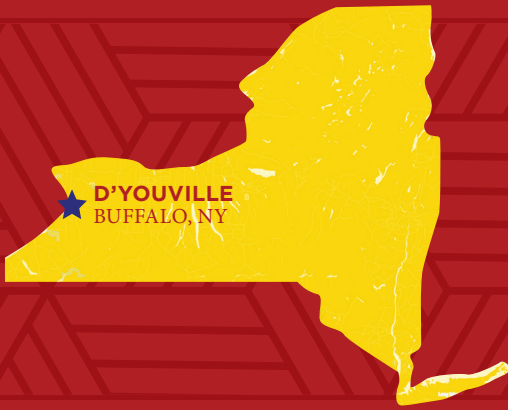

D'Youville University is proud to announce the creation of our **Hope and Positive Change Commission**. The commission is a select group of leaders in community-based organizations from across the country who bring hope, happiness, and health to their neighbors. Members provide counsel and expertise in developing the next generation of strong servant leaders.

To help attract that next generation of strong servant leaders, **D'Youville will be offering tuition scholarships to first-time in college students who have been nominated through the NYSVARA community**. Representatives from NYSVARA and nominated students will be invited to attend an on-campus kick-off event in the Spring of 2023 to learn more about the commission and scholarship process.

Attached is a brochure (click [HERE](#)) highlighting D'Youville's academic programs and vibrant student life. A second brochure (click [HERE](#)) provides more information about Buffalo and the scholarship program. Students who are interested in learning more about the scholarships are encouraged to email Jeremiah Grabowski ([grabowski@dyc.edu](mailto:grabowski@dyc.edu)) Executive Dean at DYU and copy [scholarships@nysvara.org](mailto:scholarships@nysvara.org).
