

## TRAINING BULLETIN

June 12, 2007

Bulletin: 07-15E

### *Cardiac Emergencies/EMT-B Aspirin Administration*

**Course Description:**

The New York State Department of Health (NYSDOH) has increased the basic level of care for patients experiencing "cardiac related problems" to include the administration of aspirin. NYSDOH certified agencies must ensure that personnel at the EMT-B level and above have completed update training prior to July 1, 2007 to insure uniformity of training and delivery of care across the state. This training session, conducted by Westchester County Emergency Services Instructor, Drew Fried, EMT-B/CIC, will review as required that section of the EMT-B curriculum addressing cardiac care (Module 4-3), focusing on the recent changes. The program will include an overview of the 2005 CPR Guidelines, as well as discuss Cardiovascular Emergencies, Cardiac Medications, and NYSDOH BLS Protocol M-5 (Adult Cardiac Related Problems).

**Please Note:** *Following this session, in order to complete the update required by the NYSDOH, attendees must demonstrate comprehension of the new material by both written and practical skills evaluation with their designated agency.*

*This course may be applied toward 4 hours of Medical/Behavioral core content under the NY State DOH EMS Continuing Education Recertification Program.*

**Date and Time:** *Saturday, June 30th, 2007 from 10:00AM to 3:00PM*

**Targeted Audience:** NYSDOH Certified EMTs/AEMTs

**Program Location:** Westchester County Emergency Services Training Center  
4 Dana Road  
Valhalla, NY 10595

**Parking is available in the lower lot at the Police Academy adjacent to the training center.**

**Program Cost:** This Program is Free

**Registration:** **Walk-ins are not permitted. Class size is limited.**  
Pre-registration is mandatory. Please visit
