Catskill postpones EMS decision

02/10/2008

Email to a friend Post a Comment Printer-friendly

CATSKILL - The Town Board has tabled a resolution to enter into a two-year paramedic services agreement with Greene EMS.

Town Supervisor Peter Markou last week said the cost of the paramedic service would be \$119,086 for the current year, but no figure was indicated for the second year of the contract.

During a discussion of whether to adopt a resolution approving the contract, town Councilman Lewis O'Connor questioned how much Greene County pays the paramedic agency for services.

Councilman Robert Antonelli said he did not think the town could agree to a contract when it did not know how much it would cost in the second year.

Greene County currently pays two-thirds of the total cost for the countywide paramedic service provided by Greene Emergency Medical Services. For 2008, the county's share amounts to \$657,000. The remainder of the service's budget is provided by each of the towns with which it contracts.

Greene EMS traditionally has sought two-year contracts with the towns.

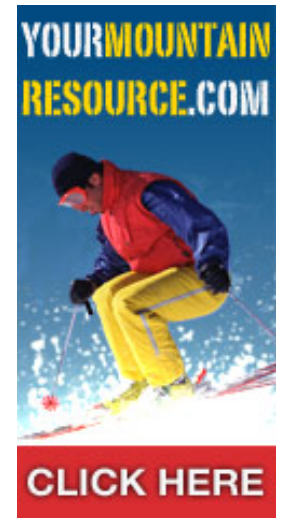

IN OTHER business, the Town Board accepted a bid for the purchase of a new ambulance to be added to the fleet of the Catskill Ambulance Service.

Markou said the town received only one bid, for \$86,190 from North East Rescue Vehicles. He said the money for the new ambulance is in the town budget.

Markou said he does not yet know when the new vehicle will be delivered.
