## **Fire Service Organizations Join Forces to Launch Voter Campaign**

[More Info](#)

Dear Fire Service Member,

The Firemen's Association of the State of New York (FASNY), New York State Association of Fire Chiefs (NYSAFC), and the Association of Fire Districts of the State of New York recently launched a comprehensive public service voter outreach campaign.

The following link will take you directly to the website promoting this campaign:

<http://www.firefightersvote.com/>

On this website you will be able to download not only an actual voter registration form to give to those who need to register but also promotional materials that you can use to spread the word.

You will also find the press release announcing this campaign, meant to be used in any local fire service publications within your area as well as in local print media outlets. Feel free to use this release as needed to get the message out.

Also available is a PDF which contains a short introduction letter and a promotional flyer which can be displayed within your local fire departments to promote this campaign.

Finally, you can download a small graphic for placement on your local websites. Give this graphic to the person in charge of your website and ask them to please post it and link it to <http://www.firefightersvote.com/>.

Please feel free to forward this e-mail on to all of your fellow firefighters and encourage all of those not registered to vote to do so immediately.

Thank you for your continued support.
