The Pediatric and Neonatal Critical Care Transports (PNCCT) Program is designed to prepare paramedics and nurses to function as members of a pediatric and neonatal critical care transport team. Participants will gain an understanding of the unique anatomy, physiology, pathophysiology and special needs of critical pediatric and neonatal patients during interfacility transport. This course integrates lectures and skill stations to help the participants become familiar with the purpose and mechanisms of hospital procedures, equipment, and skills to maintain the stability of the patient during transport.

PREREQUISITES: The PNCCT program is open to Paramedics, Nurses, and RRTs meeting the following prerequisites: One year experience as EMT-P, RN or RRT and CPR and PALS / PEPP / ENPC / or PPC and NRP

LOCATION: Center for Emergency Medical Services
15 Burke Lane, Syosset, New York 11791

COST: The cost for the course is $650.00
Payable by Municipal purchase order, credit card, money order or check to NS-LIJHS CEMS
This covers the cost for the provider course, administrative fees, and student manual.
We will accept a $150.00 deposit, with the balance due on the first day of class.
