Ambulance Crash Log

Ford Flex Collides with County Ambulance, Pinning Driver - New York

A Ford Flex collided with a Nassau County ambulance Wednesday evening on Franklin Avenue at Seventh Street, pinning the ambulance driver and dislodging a street light pole from its base.

Garden City police and fire personnel responded to the call at approximately 6:30 p.m.

Upon arrival, firefighters found the occupants of the Ford unharmed and Nassau County ambulance #2350 resting against a large tree on the driver's side, according to a fire department incident report.

The fire department stretched a one-and-three-quarter handline and stabilized the ambulance. Nassau County ESU responded to the scene to extricate the ambulance operator, who was injured and pinned in the driver's seat.

Garden City's Street and Public Works Department were notified for the dislodged light pole, which was laying over into a tree and creating a hazardous condition, according to the report.

The fire department stood by until the Street Department secured power to the light pole.
