DeWitt (WSYR-TV) - Normally their jobs are very serious, but Monday emergency medical technicians from various ambulance companies gathered for a fun way to show off their skills. The EMT's competed for cash prizes and a trophy in a game show-style event at the Double-Tree in Carrier Circle.

NAVAC Director of Training Chris Dunham says this light-hearted event was a good way to help everyone enjoy the difficult job they perform. "We typically train pretty intensively month in and month out," he said. "This is kind of a light-hearted, more of an event to kind of bring the mood up a little bit and kind of have some fun, and just kind of enjoy ourselves."

This is the fourth-annual event which included teams from NAVAC, WAVES and EAVES.

This year, EAVES took home the grand prize and bragging rights.
