NYS Volunteer Ambulance & Rescue Association statement:

We are deeply saddened to hear of the tragic loss of FDNY EMT Yadira Arroyo as the result of a senseless act. She was one of the less than 1% of the population who make up the ranks of first responders who help protect the other 99%. We extend our heartfelt and sincere condolences to her family, friends and co-workers. This is a loss for the whole EMS family.

She leaves behind 5 children, the oldest in his early 20's has committee to taking care of the younger children. The NY Daily news has set up a fund. We encourage all who may be able to consider a contribution. The link to the article is as follows:
