TRAINING ANNOUNCEMENT

18 May 2015

Firefighter Health Series:

Tackling the Silent Killer: Carbon Monoxide Poisoning

Presented by Owen O’Neill MD, FUHM, FACHM, FAPWCA, CHT.
Dr. O’Neill is the Medical Director, Department of Hyperbaric Medicine at Phelps Memorial Hospital Center, Clinical Assistant Professor of Medicine at New York Medical College, and Clinical Assistant Professor of Emergency Medicine, Section of Hyperbaric Medicine at Upstate Medical University.

June 25th from 19:00 to 22:00 hours

Description:  This seminar will demonstrate everything you need to know about CO poisoning; what happens during acute exposure, considerations before and during transport, and the potential chronic problems for those exposed. Learn why hyperbaric oxygen treatment is preferred to normobaric oxygen inhalation.

Target audience:  First Responders

Prerequisites:  None

Registration:  Pre-registration is mandatory. Walk-ins are not permitted. Register through your chief or training officer. Chief's and training officer's can register their personnel at; http://emergencyservices.westchestergov.com/. Class size is limited to forty (40) students.

Venue:  Westchester County DES Training Center, 4 Dana Rd. – Grasslands Campus, Valhalla, New York. All students are to park in the lot adjacent to the Support Services Building located at 35 Walker Road. (There is a stairway linking the parking lot directly to the training campus.) For questions or concerns regarding weather or course cancellation call (914) 231 – 1615.
