EMS Operations

EMS Operations encompasses a wide range of topics from lifting patients to disaster/terrorism management. In this course we will delve deeper into these areas to ensure every student has a better understanding of each topic. Join Brett Roberts, EMT-B, CIC for an in-depth exploration of EMS operations, and guidance on the roles and responsibilities necessary to ensure patient, public, and personnel safety.

This course may be applied towards EMS Operations & General Elective CME hours under the NY State DOH EMS Continuing Education Recertification Program.
