TRAINING ANNOUNCEMENT

Issued: February 12, 2016

Announcement #: 16-64E

Pediatric Airway Management

First Responders are expected to have that “what if” knowledge and that’s just the nature of the business. But, we can sometimes question our knowledge and skills when it comes to dealing with pediatric patients.

Please join Keith Llewellyn RRT, MPA of Blythedale Children’s Hospital as he reviews overall respiratory conditions and airway management. He will also review tracheotomies, stomas, and general ventilator management. There will also be props for hands-on-training, for trachs, vents, and breath sounds.

This course may be applied toward Pediatric Core (ALS and BLS) or General Elective CME hours under the NYSDOH CME Recertification Program

Date(s) / Time(s): Wednesday, March 23, 2016 7:30-8:30pm
Targeted Audience: All First Responders
Program Location:
- Westchester County DES 4 Dana Rd, Valhalla, NY 10595
- All students are to park in the lot adjacent to the Support Services Building located at 35 Walker Road. (There is a stairway linking the parking lot directly to the training campus).

Program Cost: None
Registration:
- Pre-registration is mandatory. Walk-ins are not permitted. Class size is limited.
- Sign-up through training.westchestergov.com (you must create an account first)
- Please refer all related questions for this class to Nyle Salley, EMS Division Westchester County Department of Emergency Services (914) 231-1495 or email nas5@westchestergov.com
