Legal Issues & Social Media for 1st Responders

The educational goals and objectives for this lecture on Complex Legal Issues are for the participant to acquire a general understanding of pre-hospital and in-hospital medical-legal issues. These issues are specifically within the areas of pre-hospital care, treatment and documentation; Medical liability and tort action; and HIPAA. The goals and objectives of this lecture will be met during the course of training through the academic lecture; simulation examples; and question and answer periods.
