BLOOD BORNE PATHOGENS TRAIN THE TRAINER COURSE

Date: JANUARY 20th 2018

Location:
Shirley Community Ambulance
3 Plymouth Place
Shirley, NY 11967
9am – 5pm
Sign in and material hand out at 8:30

Registration Fee: $250.00 due by 1/10/2018

One-day course designed to educate your training department to teach the OSHA Bloodborne Pathogens, and Airborne & Droplet Disease Curriculum. Selected Department Member(s) will be specifically trained to teach the material for New Employees and to conduct annual update training.

Course content includes: adult education principles, review of the disease process, disease review (hepatitis B, hepatitis c, HIV, syphilis, tuberculosis, chickenpox, pertussis, measles, mumps, rubella and influenza), exposure control plan components, workplace specific procedures, post-exposure protocols, and an extensive appendix of supportive data.
