Trauma Symposium 2017
Wednesday, March 1, 2017
7:30AM – 1:00PM

Registration Fees
Physicians $50.00
Other Registrants $50.00
NYPQ Physicians, Staff and Free
Physicians-in-Training (Copy of ID is required)

Fee includes continental breakfast and handout materials

To register, please visit www.nypqcme.org or call the CME Office at 718-670-1419.

Faculty

Lee Burns, EMT-P
Director, Bureau of Emergency Medical Services and Trauma Systems
Office of Primary Care and Health Systems Management

Anna Caffarrelli, MHS
Special Initiatives Director
Injury and Violence Prevention Program
NYC Department of Health and Mental Hygiene

Samir M. Fakih, M.D., FACS
Charles F. Crews Professor of Surgery
Chief of General Surgery
Medical University of South Carolina
Board Chairman, Trauma Center
Association of America

Elan M. Godwyn, M.D.
Assistant Professor of Clinical Orthopedic Surgery
Weill Cornell Medical College
Director, Orthopedic Trauma Service
Department of Orthopedics & Rehabilitation
NewYork-Presbyterian Queens

Ning Liu, M.D.
Assistant Professor of Neurosurgery
Weill Cornell Medical College
Attending Neurosurgeon
NewYork-Presbyterian Queens

Jason M. Sample, M.D., FACS
Assistant Professor of Clinical Surgery
Weill Cornell Medical College
Chief of Acute Trauma and Critical Care
NewYork-Presbyterian Queens

Manish Sharma, D.O.
Chairman, Department of Emergency Medicine
NewYork-Presbyterian Queens

Mary Ellen Zimmermann, RN, BSN, CEN, TCRN
Trauma Program Director
NewYork-Presbyterian Queens

The Department of Surgery
and
The Division of
Acute Trauma and Critical Care

Present

Trauma Symposium 2017:
Trauma Care in a Level 1 Trauma Center
"Rescue to Recovery"

Wednesday, March 1, 2017
7:30AM – 1:00PM

NewYork-Presbyterian Queens

Theresa and Eugene M. Lang Center for Research and Education - Auditorium
56-45 Main Street
Flushing, NY 11355

Sponsored by the Theresa and Eugene M. Lang Center for Research and Education
Trauma Symposium 2017  
Wednesday, March 1, 2017  
7:30AM – 1:00PM

Agenda
7:30AM – 8:00AM  
Registration and Continental Breakfast
8:00AM – 8:15AM  
Welcoming Remarks  
Jason M. Sample M.D., FACS
8:15AM – 9:00AM  
Acute Care Surgery: The Current Model of Trauma and Emergency Surgical Care Delivery  
Samir M. Fakhry, M.D., FACS
9:00AM – 9:30AM  
NYS Trauma System: Past, Present and Future  
Lee Bums, EMT-P
9:30AM – 10:00AM  
Managing a Difficulty Airway in the Emergency Department  
Mansh Sharma, D.O.
10:00AM – 10:15AM  
Break
10:15AM – 10:45AM  
Injury Prevention in the Community  
Anna Caforolle, MHS
10:45AM – 11:15AM  
The Mangied Extremity: Decision-Making and Treatment  
Evan Goldwyn, M.D.
11:15AM – 11:45AM  
Managing Increased Intracranial Pressure in a Traumatic Brain Injury  
Ning Lin, M.D.
11:45AM – 12:00PM  
Break
12:00PM – 12:15PM  
The Fragility Fracture Epidemic: How Can We Do Better  
Evan Goldwyn, M.D.
12:15PM – 12:45PM  
Aging of the Trauma Patient “Trauma Delta”  
Jason M. Sample, M.D., FACS
12:45PM – 1:00PM  
Closing Remarks  
Mary Ellen Zimmerman, RN, BSN, CEN, TCRN

Accreditation  
NewYork-Presbyterian Queens is accredited by the Medical Society of the State of New York (MSSNY) to provide continuing medical education for physicians.

NewYork-Presbyterian Queens designates this live activity for a maximum of 4.25 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement  
NewYork-Presbyterian Queen relies upon planners and faculty participants in its CME activities to provide educational information that is objective and free of bias. In this spirit, and in accordance with the guidelines of MSSNY and ACCME, all speakers and planners for CME activities must disclose any relevant financial relationships with commercial interests whose products, devices or services may be discussed in the content of a CME activity that might be perceived as a real or apparent conflict of interest. Any discussion of investigational or unlabeled uses of a product will be identified.

Directions  
NewYork-Presbyterian Queens is located on the corner of Booth Memorial Avenue and Main Street in Flushing. From the Long Island Expressway: take the Main Street Exit 23, travel north on Main Street to Booth Memorial Avenue. From the Whitestone Bridge: take the Van Wyck Expressway to the College Point Blvd. Exit; turn left on College Point Blvd. and right on Booth Memorial Avenue. Follow Booth Memorial Avenue to Main Street. From the IRT Flushing Line #7: train to Main Street (last stop), then Q44 has southbound on Main Street; stops opposite the Hospital. NYPQ is located in a residential area with metered parking. Free park-and-ride spaces are available under the Van Wyck Expressway at College Point Blvd. and 58th Road. Shuttle buses to the Hospital run approximately every 10-15 minutes. Limited paid parking is available in our Visitor Parking Lot located on Booth Memorial Avenue opposite the NYPQ Emergency Room.

Information  
Ms. Pamela Williams, Director of CME

Statement of Need  
Trauma is the leading cause of death for children and adults ages 1-44 more than stroke and AIDS combined. Thirty five million people are treated each year for traumatic injuries. While most injuries can be treated at a local community emergency department, if you are severely injured, getting care at a Level I trauma center can lower your risk of death by 25 percent. Conversely, nearly 1 in 4 patients is more likely to die when not initially taken to a Level I trauma center. Less than 10% of hospitals have a Level I trauma center in the United States and only 8 states have fully developed trauma systems. Traumatic injury in the geriatric population is increasing in prevalence and is associated with higher mortality and complication rates compared with younger patients. The elderly are currently estimated to be 12% of the population in the United States and in NYC 16%. In patients over 60 years, trauma center mortality was 8% as compared to 76% in non-trauma centers. This conference will provide an opportunity to focus on the care a Level I Trauma Center provide their patients and why providing this level of care to our community improves patient care outcomes and education.

Target Audience  
Physicians, physician assistants, residents, interns, medical students, nurse practitioners, nurses and other health care professionals involved in care of trauma patients.

Educational Objectives  
It is intended that this NYPQ CME activity will lead to improved patient care. At the conclusion of this symposium, the participant will be able to:  
• Apply knowledge of resources available in a Level I Trauma Center.  
• Develop a plan to as the need for a patient to be transported or transferred to a Level I Trauma Center.  
• Identify the differences in a community hospital and a Level I Trauma Center.  
• Evaluate resources vs. the needs of the traumatically injured patient.  
• Analyze outcomes in patient care, community understanding and provider understanding of a Level I Trauma Center.  
• Explain the need for Level I Trauma Centers in a community and what it has to offer to patients, families, providers in terms of patient care, facility resources, community outreach and pre-hospital decision making through “Rescue to Recovery”.
