Heat & Cold Injuries

There are many injuries and illnesses that are caused by heat and cold. Please join Drew Fried, EMT-B/CIC as he discusses the different priorities necessary for the treatment of thermal and cold injuries.

Types to be discussed:

- Thermal burns
- Cold temperature burns
- Electrical burns
- Chemical burns
- Radiation burns
- Friction burns

This course may be applied toward Medical or General Elective CME hours under the NY State DOH EMS Continuing Education Recertification Program.
