TRAINING ANNOUNCEMENT

Issued: July 7, 2017  Announcement #: 17-125E

Geriatric Emergencies
It’s not just “I’ve fallen and I can’t get up”

Course Description:

The elderly are the most frequent users of the healthcare system. This population comes with various health challenges, physical and mental, that may not be common to other age groups.

They have a higher severity of illness and greater morbidity and mortality than younger persons. They are also the fastest growing segment of the US population.

Join Richard Robinson EMT-P/ CIC in learning how to deal with the differences in care of this special needs population.

This course may be applied towards Geriatrics or General Elective CME hours under the NY State DOH EMS Continuing Education Recertification Program.

Date(s) / Time(s): Thursday, July 20th 7-9pm

Targeted Audience: Emergency Medical Personnel

Program Location: Westchester County Department of Emergency Services
4 Dana Rd, Valhalla, NY 10595

Program Cost: None
