Greene County CHEMPACK Training for First Responders
November 18th, 2017

First Responders: Do you know how to detect if someone is suffering from a chemical release/spill? Do you know how to protect yourself? Are you aware of our regional stockpile of nerve agent antidotes and the process to acquire those assets if needed?

Join us for a full-day training at the Greene County Emergency Operations Center and get to know CHEMPACK, learn to identify symptoms of nerve agent exposure, how to protect yourself and your colleagues from potential exposure, as well as how to treat victims of a chemical exposure.

Training Day Agenda:

- **8:00-8:30am:** Registration and Sign-In
- **8:30-9:00am:** CHEMPACK Basic Overview presenter Columbia County Public Health
- **9:00-9:45am:** CHEMPACK Administration for First Responders presented by Dr. Michael Dailey
- **9:45-10:00am:** BREAK
- **10:00-10:45am:** Detecting Signs and Symptoms of Chemical Agents presented by Dr. Michael Dailey
- **10:45-11:15am:** Basic PPE for EMS presented by Greene/Columbia HAZMAT
- **11:15-11:30am:** BREAK
- **11:30-12:15pm:** Decontamination for First Responders presented by Greene/Columbia HAZMAT
- **12:30-1:15pm:** Lunch (Provided)/Tabletop Briefing
- **1:30-3:30pm:** CHEMPACK Tabletop moderated by Gary Tuthill
