Friday 1700-2100, Saturday & Sunday 0800-1700

Tactical Emergency Casualty Care
offered through NAEMT's PHTLS program
Providing Best-Practice
Trauma Care Tactical Environment
And How It's Applied In the Law Enforcement & EMS Setting

In this course, experienced full-time first responders from major New York City agencies with decades of field, tactical, and military experience teach the tenets of TECC and apply it to the homeland. Learn how Tourniquets and Hemostatic Agents carried by everyday first responders can save lives. Find out how to treat penetrating chest wounds and how to restore an airway, understand the management of burns in direct threat care, understand why cardiopulmonary resuscitation is not generally used for cardiac arrest in an MCI, and MOST important, learn the concept of providing direct threat care, indirect threat care, and transportation decisions so EVERYONE GOES HOME.

Accreditation
All NAEMT continuing education courses are accredited by the Continuing Education Coordinating Board for Emergency Medical Services (CECBEMS). They are also recognized for recertification requirements by the National Registry of Emergency Medical Technicians (NREMT).

Pre-Registration and Approval only! Cost: 225.00
