MENTAL HEALTH FIRST AID FOR FIRE & EMS

Why Mental Health First Aid?

Mental Health First Aid for Fire/EMS teaches you how to identify, understand and respond to signs of mental illnesses and substance use disorders. This 8-hour training gives you the skills you need to reach out and provide initial support to someone who may be developing a mental health or substance use problem and help connect them to the appropriate care. It focuses on the unique experiences and needs of firefighters and EMS personnel and is a valuable resource that can make a difference in their lives, their coworkers’ and families’ lives, and the communities they serve.

WHAT IT COVERS

- A discussion of first responder culture, stigma and their relevance to the topic of mental health.
- Outreach tactics to respond to individuals experiencing a mental health crisis.
- A discussion of the specific risk factors faced by many first responders and their families.
- A review of common mental health resources for first responders, their families and those who support them.

WHO SHOULD TAKE IT

- Firefighters
- EMS personnel
- Other first responders
- Family members of first responders

The course will teach you how to apply the ALGEE action plan:

- **Assess** for risk of suicide or harm
- **Listen** nonjudgmentally
- **Give** reassurance and information
- **Encourage** appropriate professional help
- **Encourage** self-help and other support strategies
