TRAINING ANNOUNCEMENT

Issued: August 31, 2018

ALS CMEs

Preparatory II

with Guy P.

Initial patient contact and understanding what ails them, is one of the most important factors as ALS providers. Join Guy Peifer as he discusses communication skills, body systems, and much more to give you the tools to ensure that you can do your job and also provide the best care for your patient.

Topics to be discussed:
- General Principles of Pathophysiology
- Pharmacology
- Venous Access and Medication Administration
- Therapeutic Communications
- Life Span Development

These classes may be applied towards ALS Core or Elective under the NY State DOH EMS CME Recertification Program
