Orange Regional Medical Center and Orange County Department of Emergency Services Present:

THE CODE GREEN CAMPAIGN

Monday May 20th @ 1800
22 Wells Farm Road
Goshen, NY 10924

The Code Green Campaign is a first responder oriented mental health advocacy and education organization. Also known as Code Green, we serve all types of first responders, including firefighters, EMTs, paramedics, dispatchers, police, corrections, air medical, and search & rescue. Our name is a combination of the color for mental health awareness (green), and from the "code alerts" that EMS uses to designate an emergency patient. The idea is that Code Green is calling a code alert on the mental health of first responders. In this event a representative from the Code Green Campaign will speak about mental health in first responders.

RSVP Required
Reservation is through www.ormc.org/rsvp or 1-888-321-6762 only.
Please do not call the emergency services center. Seats are limited
