UPCOMING CLASS:

Introduction to Trauma Informed Care

Trauma Informed Care is an opportunity for providers and clients to work together understanding that trauma effects physical, psychological and emotional health. Trauma Informed Care creates a safe place for consumers to direct their care and providers to respectfully interact.

Date of Training: **December 10, 2019**

Time: **7-9pm** 2 HRS CME for EMS Providers

**This training will include:**
- self care and resources for first responders
- secondary/vicarious trauma

This introduction to Trauma Informed Care reviews the six principles of Trauma Informed Care, Adverse Childhood Experiences (ACEs), how culture connects to trauma and how health literacy tools can help provide a trauma-informed approach.
